PROFILE

I am a passionate frontend developer, who got interested in frontend not a long time ago and started developing my first pet projects. I love developing sites using React, TypeScript, and ReduxToolkit. I also tried to develop with MERN stack to dive a bit into the backend. Currently, I am learning Next JS. You can visit [my website](#) if you want to find more information about me.

SKILLS

• Frontend

TypeScript, JavaScript (ES6+) React JS, Redux Toolkit, Redux, Redux Thunk, React-router v6, React Hook Form, Formik, Material UI, Websockets, MobX, SCSS, BEM, styled-components, CSS Modules, Axios

• Backend

Node JS, Express, JWT, MongoDB, RESTful API

• Other

Java, C++, OOP, JSON, JSON-RPC, GitHub, git, ESLint, Figma, Adobe Photoshop, Word, Excel, PowerPoint, Outlook, Final Cut Pro

• Soft skills

Critical Thinking, leadership, flexibility, creativity, positive thinking, teamwork skills, decision-making

PET PROJECTS

Pizzeria (TypeScript, React, Redux Toolkit, RestAPI, localStorage)

MERN Blog (React, Redux Toolkit, Express, Node JS, MongoDB, localStorage)

Chess (React, TypeScript, OOP)

Todo (React, TypeScript, Redux, MUI)

Shop (React, RESTful API, context)

Find GitHub (React, RestAPI, debounce)
